Nuclear Study Cancellation Policy

A notice of forty-eight (48) hours is required for cancellation of all Nuclear Study Tests. If notice is not received two (2) days prior to the scheduled procedure, the costs associated with the isotopes and the technician will be the patient's responsibility. The fee for late cancellation is two hundred fifty dollars, **\$250.00**. I understand that I am responsible for this fee and any other financial costs that may be incurred on my behalf.
